How we partner.

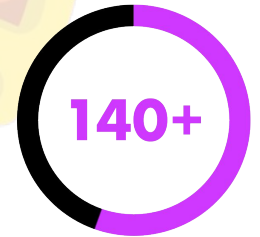

Founded and created by Tyler Herro, guard for the Miami Heat, The T. Herro Foundation focuses on creating impactful experiences for as many families as possible. Growing up, Tyler's parents instilled in him the value of giving back. As a result, Tyler made it a point to make this a priority in his life in order to create a lasting impact in the community. Through virtue of his basketball career, he is able to create avenues of promise and hope. By providing resources and opportunities for the youth in the Miami and Milwaukee areas, The T. Herro Foundation will remain an outlet for families for years to come.

Over \$44k donated to At-Risk Youth and Low Income Families.

Over 800 people served in our communities.

Over 140 volunteers stepped up to help from our communities.
